GENERAL PROVISIONS

Dependents Eligibility

Spouse, children from birth regardless of student status. Dependent children terminate coverage at the end of the calendar year in which they turn age 26.

** We cover the cost of services based on whether doctors are “in network” or “out of network.” We want to help you understand how much we pay for your out-of-network care. At the same time, we want to make it clear how much more you will need to pay for this “out-of-network” care.

* For doctors and other professionals the amount is based on what Medicare pays for these services. The government sets the Medicare rate. Exactly how much we “recognize” depends on the plan you and your employer picks.

* For hospitals and other facilities, the amount is based on what Medicare pays for these services. The government sets the Medicare rate. Exactly how much we “recognize” depends on the plan you or your employer picks.

Your doctor sets his or her own rate to charge you. It may be higher – sometimes much higher – than what your plan “recognizes.” Your doctor may bill you for the dollar amount that we don’t “recognize.” You must also pay any copayments, coinsurance and deductibles under your plan. No dollar amount above the “recognized charge” counts toward your deductible or out-of-pocket maximums. To learn more about how we pay out-of-pocket benefits visit our website.

Health benefits and health insurance plans contain exclusions and limitations. Not all health services are covered.

See plan documents for a complete description of benefits, exclusions, limitations and conditions of coverage. Plan features and availability may vary by location and are subject to change. You may be responsible for the health care provider's full charges for any non-covered services, including circumstances where you have exceeded a benefit limit contained in the plan. Providers are independent contractors and are not our agents. Provider participation may change without notice. We do not provide care or guarantee access to health services.

Aetna receives rebates from drug manufacturers that may be taken into account in determining Aetna's Preferred Drug List. Rebates do not reduce the amount a member pays the pharmacy for covered prescriptions. Aetna Rx Home Delivery refers to Aetna Rx Home Delivery, LLC, a licensed pharmacy subsidiary of Aetna Inc., that operates through mail order. The charges that Aetna negotiates with Aetna Rx Home Delivery may be higher than the cost they pay for the drugs and the cost of the mail order pharmacy services they provide. For these purposes, the pharmacy's cost of purchasing drugs takes into account discounts, credits and other amounts that they may receive from wholesalers, manufacturers, suppliers and distributors.

In case of emergency, call 911 or your local emergency hotline, or go directly to an emergency care facility.

Plan features and availability may vary by location and group size.
